

D-H7C, Solid State Switch, Band Mounting, Connector - SMC D-H7CZ

Item no. SMC-D-H7CZ

Manufacturer SMC

Lead Wire Length: Z (5 m)

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	85365019

DESCRIPTION

SMC offers a variety of auto switches for actuators and air grippers.; Solid state switches are available in a general purpose type or with 2-color indication, which allows the optimum operating position to be determined by the color of the light.; Solid state switches are also available in 2-color indication with diagnostic output, water resistant 2-color indication, built-in OFF-delay timer (200 ms), magnetic field resistant, heat resistant and wide range detection configurations.; Various lead wire lengths are available.
