

D-**PC, Pre-wired Connector Auto Switch - SMC D-S7P1SAPC

Item no. SMC-D-S7P1SAPC

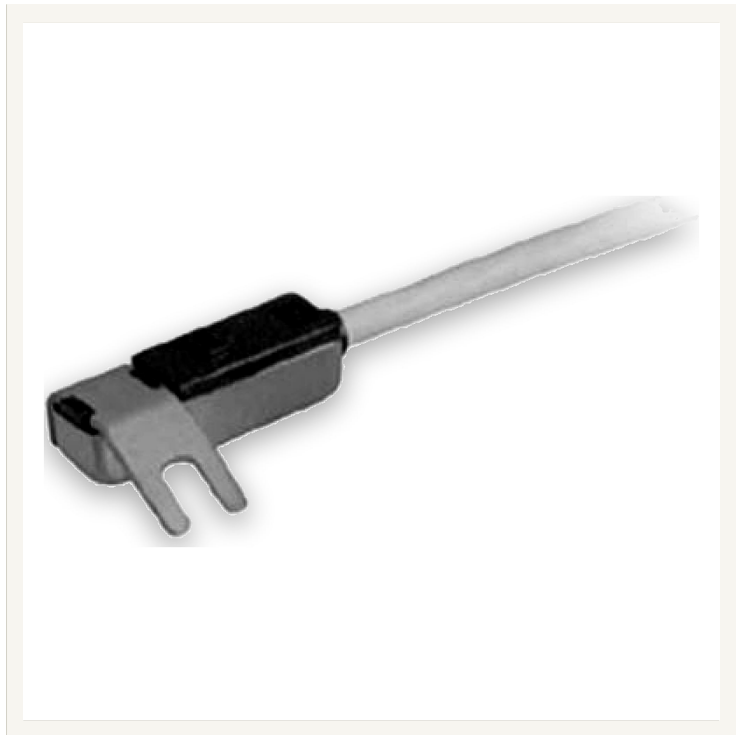

Manufacturer SMC

Rail Mount: None Band Mount: None Tie-rod Mount: None Direct Mount: None Rotary Actuator Mount: S7P1--Solid State, Direct Mount (Right), 3 Wire PNP, Grommet, In-line Lead Wire: S [0.5m (0.3 w/Connector Type C or E)] Connector Type: APC (M8-3 Pin)

TECHNICAL DATA

Weight 0.016 kg

Zolltarifnummer 85365019

DESCRIPTION

SMC's pre-wired connector auto switches are available in 3 or 4 pin 8mm style, or 4 pin 12mm style. 3 standard wire lengths are also available: 0.5m (S), 1.0m (M) and 3.0m (L). With the use of the pre-wired connector switch, the need for minimum order quantities for "special" auto switches with connectors is eliminated, and wiring with the use of standard connectors is simplified.
