

LVC23, High Purity Suck Back Valve, Single or Unit Type - SMC LVC23U-S05

Item no. SMC-LVC23U-S05

Manufacturer SMC

Body Style: U (Unit Type w/2 Way Valve) Applicable Tube OD: 05 (3/16) Port B OUT: None

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	84818079

DESCRIPTION

High purity chemical valves, series LVC with integral fittings eliminate the possibility of residual liquid in pipe threads. In addition, the body has been designed for smooth flow with minimal internal dead space. Special diaphragm construction insures gentle opening and closing preventing the formation of micro-bubbles. A unique guide ring on the piston rod eliminates lateral motion of the poppet, increasing seal life and reducing particle formation.
