

Single Finger - MIS - SMC MIS12-10D

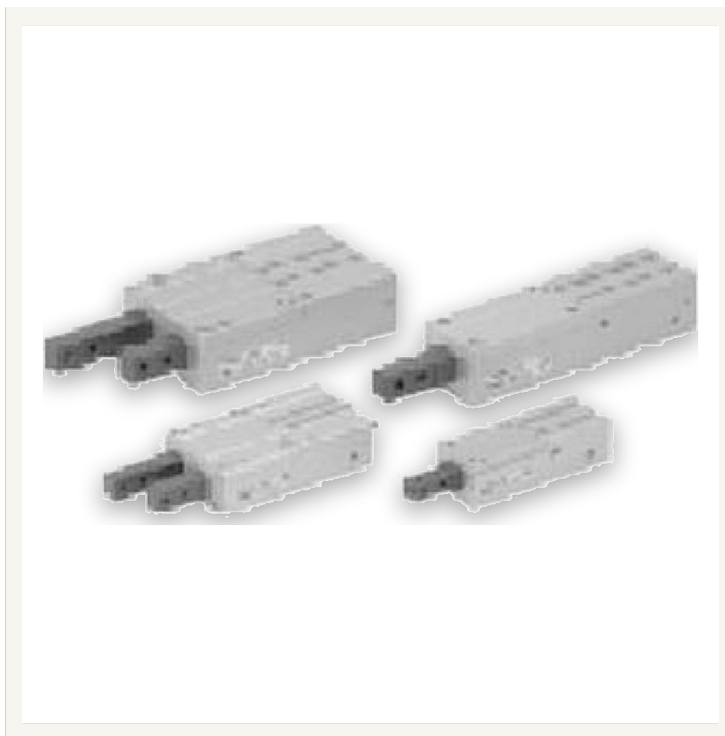

Item no. SMC-MIS12-10D

Manufacturer SMC

Bore Size: 12mm Thread: M Thread Stroke: 10mm Finger Option: Basic Style (Standard) Stroke Adjusting Unit: No Scraper: No Auto Switch: No Switch Lead Wire or Prewired Connector: 0.5m (Or None in the Case of No Switch) Number: 2 pcs. (Or None in the Case of No Switch)

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	84123100

DESCRIPTION

Series MIS is a one-finger type escapement. The MIS has independent fingers for free setting of timing and mounting position to accommodate the work pieces moving down a line. Supply ports on both sides allow selection of piping direction. Separation of the piston and fingers allows easy replacement of fingers for maintenance. Three different finger variations make it possible to freely select attachment mounting surfaces on the fingers.
