

Joint and Type A & B Mounting Bracket - SMC YB-05

Item no. SMC-YB-05

Manufacturer SMC

Applicable Bore: 05 (50mm, 63mm) Mounting Bracket: YB (Type B Mounting Bracket)

TECHNICAL DATA

Weight	0.12 kg
Zolltarifnummer	84219910

DESCRIPTION

Series (N)CQ2 compact cylinders provide a space- saving design and exceptional service life. They feature front snap ring design for easy access to internal parts. Available in single and double rod models, male and female thread design, double acting, spring return and spring extend. Choose from 13 bore sizes up to 200mm. Optional reed/solid state switches may be used. The aluminum extruded bodies, featuring through-hole and threaded body mounting, provide versatility and reliability in any design application.
