

## AW20(\*)-B to AW60(\*)-B, Filter Regulator & Filter Regulator w/Backflow Function - SMC AW30- F02DGH-B

Item no. SMC-AW30-F02DGH-B

Manufacturer SMC

Made to Order 1: None Body Size: 30 Backflow Function: None  
Thread: F (G) Port: 02 (1/4) Option: DGH (Float Type Auto Drain  
[N.O.] + Round Pressure Gauge w/Limit Indicator + w/Set Nut, for  
Panel Mount) Semi-standard 1: Standard Semi-standard 2:  
Standard Made to Order 2: None

### DESCRIPTION

This combination Filter/ Regulator minimizes space and piping by integrating the 2 units into one. Standard features include a relieving regulator, which can be quickly locked by pushing down on the adjustment knob. There are many options, which include gauges, auto-drain, metal bowl and covers, different set pressures, etc. The AW-B is part of the family of modular air preparation units and can be combined with other similar sized products. This series is available in 3 body sizes with piping from 1/8 to 3/4 in Rc, NPT or G thread types. Integrated filter and regulator units save space and require less piping. With the backflow function it incorporates a mechanism to exhaust the air pressure in the outlet side reliably and quickly.
