

AW20(*)-B to AW60(*)-B, Filter Regulator & Filter Regulator w/Backflow Function - SMC AW30-F03BE- JR-B

Item no. SMC-AW30-F03BE-JR-B

Manufacturer SMC

Made to Order 1: None Body Size: 30 Backflow Function: None
Thread: F (G) Port: 03 (3/8) Option: BE (w/Bracket + Square
embedded type pressure gauge [with limit indicator]) Semi-
standard 1: J (Drain Guide 1/8 Drain Guide 1/4: Sizes 30, 40, 60)
Semi-standard 2: R (Flow Direction Made to Order 2: None

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	84811005

DESCRIPTION

This combination Filter/ Regulator minimizes space and piping by integrating the 2 units into one. Standard features include a relieving regulator, which can be quickly locked by pushing down on the adjustment knob. There are many options, which include gauges, auto-drain, metal bowl and covers, different set pressures, etc. The AW-B is part of the family of modular air preparation units and can be combined with other similar sized products. This series is available in 3 body sizes with piping from 1/8 to 3/4 in Rc, NPT or G thread types. Integrated filter and regulator units save space and require less piping. With the backflow function it incorporates a mechanism to exhaust the air pressure in the outlet side reliably and quickly.
