

AW20(*)-B to AW60(*)-B, Filter Regulator & Filter Regulator w/Backflow Function - SMC AW40- F02BDE-R-B

Item no. SMC-AW40-F02BDE-R-B
Manufacturer SMC

Made to Order 1: None Body Size: 40 Backflow Function: None
Thread: F (G) Port: 02 (1/4) Option: BDE (w/Bracket + Float Type
Auto Drain [N.O.] + Square embedded type pressure gauge [with
limit indicator]) Semi-standard 1: Standard Semi-standard 2: R
(Flow Direction Made to Order 2: None

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	84811005

DESCRIPTION

This combination Filter/ Regulator minimizes space and piping by integrating the 2 units into one. Standard features include a relieving regulator, which can be quickly locked by pushing down on the adjustment knob. There are many options, which include gauges, auto-drain, metal bowl and covers, different set pressures, etc. The AW-B is part of the family of modular air preparation units and can be combined with other similar sized products. This series is available in 3 body sizes with piping from 1/8 to 3/4 in Rc, NPT or G thread types. Integrated filter and regulator units save space and require less piping. With the backflow function it incorporates a mechanism to exhaust the air pressure in the outlet side reliably and quickly.
