

C(D)G5-S, Stainless Steel Cylinder, Double Acting, Single Rod - SMC CG5EA63TFSR-100

Item no. SMC-CG5EA63TFSR-100**Manufacturer SMC**

Mounting: E (Integral Clevis) Bore Size: 63mm Stroke: 100 Lead
Wire or Prewired Connector: 0.5m (Or None in the Case of No
Switch) Number: 2 pcs. (Or None in the Case of No Switch)
Magnet: None Rod End Options: None Temperature Resistance:
None Style: A (Non-lube Air Cushion) Seal Material: R (NBR) Auto
Switch: None Thread: TF (G Ports)

TECHNICAL DATA

Weight	0.1 kg
Zolltarifnummer	84123100

DESCRIPTION

SMC's CG5-S series is a stainless steel cylinder, perfect for use in wash down applications such as food processing machinery requiring intense cleaning. The use of non-toxic additives allows confident use in equipment for foods, beverages and medical products, etc. The CG5-S can be disassembled, allowing replacement of seals, which promotes an extended service life. SMC provides plugs for unused mounting threads to prevent residue build-up in the threads. The use of stainless steel (SUS304) on external metal parts provides improved corrosion resistance in environments with exposure to water.
