

## Double-acting Compact Cylinder - Norgren RM/92063/JM/10

Item no. NRG-RM/92063/JM/10

Manufacturer Norgren

Double-acting Compact Cylinder. Norgren pneumatic cylinder converts compressed air into linear motion and force.

### TECHNICAL DATA

|                 |          |
|-----------------|----------|
| Weight          | 1 kg     |
| Zolltarifnummer | 84123100 |

### DESCRIPTION

Norgren pneumatic cylinder converts compressed air into linear motion and force. Rugged design for precise, reliable working strokes in automation.

### TECHNICAL DATA

|                        |                              |
|------------------------|------------------------------|
| BetriebsMedium         | Druckluft                    |
| Ambient temperature    | -5 ... 80 °C                 |
| Operating Temperaturee | 23 ... 176 °F                |
| Pressure range         | 1 ... 10 bar                 |
| Operating Pressure     | 14 ... 145 psi               |
| Port                   | G1/4                         |
| Zylinderdurchmesser    | 50 mm                        |
| BestellStroke          | 10 mm                        |
| Cushioning             | Keine Endlagendämpfung       |
| Magnetic/Non-magnetic  | Magnetisch                   |
| Theoretical Force      | 990 N                        |
| Materials - Barrel     | Eloxierte Aluminiumlegierung |

|                         |                                 |
|-------------------------|---------------------------------|
| Material - Kolbenstange | Rostfreier Stahl (martinitisch) |
| Material - Dichtungen   | Polyurethan                     |
| Series                  | RM/92000/M                      |
| Marken                  | Norgren                         |

## VERSION

double-acting Compact Cylinder.

## MANUFACTURER

Genuine Norgren.
