

## Air Preparation - Norgren F73C-3AD-AP0

Item no. NRG-F73C-3AD-AP0

Manufacturer Norgren

Air Preparation. Norgren air preparation (filter, regulator, lubricator) delivers clean, regulated and optionally lubricated compressed air and protects downstream components.

### TECHNICAL DATA

|                 |          |
|-----------------|----------|
| Weight          | 0.1 kg   |
| Zolltarifnummer | 84213925 |

### DESCRIPTION

Norgren air preparation (filter, regulator, lubricator) delivers clean, regulated and optionally lubricated compressed air and protects downstream components.

### TECHNICAL DATA

|                            |                                       |
|----------------------------|---------------------------------------|
| BetriebsMedium             | Druckluft                             |
| Ambient temperature        | -34 ... 50 °C                         |
| Operating Temperaturee     | -30 ... 122 °F                        |
| Port                       | 3/8" PTF                              |
| Ablass                     | Automatisch                           |
| Filterelement              | 0.01 µm                               |
| Maximaler BetriebsPressure | 10 bar                                |
| Flow                       | 21.2 scfm                             |
| GehäuseMaterial            | Aluminium-Druckguss                   |
| Material - Behälter        | Kunststoff mit Metall-Behälterschutz  |
| Material - Elastomere      | Neoprene                              |
| Material - Filterelement   | synthetic fibre & polturitythane foam |
