

Socket, 90 mm, for 1 in. Square Drive - Enerpac BSH1090

Item no. ENP-BSH1090

Manufacturer Enerpac

Impact-grade heavy-duty socket for the 1 in. square drive of hydraulic torque wrenches, 90 mm across flats. Delivers high tightening torque reliably and durably.

TECHNICAL DATA

Country of Manufacture	United States
Hinweis	Verschraubungsgeräte
Weight	0.1 kg

DESCRIPTION

The BSH1090 heavy-duty socket transfers high tightening torque to 90 mm across flats and seats precisely on the 1 in. square drive of hydraulic torque wrenches. The impact-grade design is built for repeated high-load use.

BENEFITS

- Precise 1 in. square drive for reliable torque transfer on hydraulic torque wrenches
- 90 mm across flats for the matching bolted joint
- Impact-grade construction withstands repeated high-load and shock loading
- Compact 125 mm outer width for use on closely spaced bolts

TECHNICAL DATA

- Across flats: 90 mm
- Square drive: 1 in.
- Outer width: 125 mm
- Height: 105 mm
- Weight: 0.1 kg
- Series: BSH

APPLICATIONS

For hydraulic torque wrenches with a 1 in. square drive, for example on flange bolting in steel and plant construction and in industrial maintenance.
