

Cylinder and Hand Pump Set, 50 kN, 22 Attachments - Enerpac MSFP10

Item no. ENP-MSFP10

Manufacturer Enerpac

Complete maintenance set with hand pump, cylinder, hose, gauge and 22 attachments. Configures a tool for pushing, pulling, lifting and straightening up to 50 kN.

TECHNICAL DATA

Country of Manufacture	United States
Hinweis	Industriewerkzeuge
Kapazität, kN	up to 100 kN
Series	MSFP
Weight	48 kg

DESCRIPTION

The MSFP10 maintenance set combines a hand pump, hose, cylinder, gauge and 22 attachments into a versatile tool for pushing, pulling, lifting, pressing and straightening.

BENEFITS

- Force up to 50 kN with the RC106 cylinder
- 22 attachments for almost any maintenance task
- Lock-on or threaded connectors
- Complete with the Enerpac P392 hand pump, hose and gauge in a storage crate

TECHNICAL DATA

- Force with attachments: 50 kN
- Cylinder: RC106
- Attachments: 22
- Hand pump: P392
- Weight: 48 kg
- Series: MSFP

APPLICATIONS

When using attachments, limit system pressure to half the rated pressure (350 bar); without

attachments, force and pressure double (700 bar). Use only the attachments supplied with the set.
