

Hydraulic Cylinder and Cordless Pump Set, 101 kN, 54 mm Stroke, 230 V - Enerpac SCR102XCE

Item no. ENP-SCR102XCE

Manufacturer Enerpac

Hydraulic cylinder with 101 kN capacity and 54 mm stroke, matched with a cordless pump. Ready-to-use 700 bar hydraulic set for lifting, pushing and tensioning.

TECHNICAL DATA

Betriebsspannung	230 V
Country of Manufacture	United States
Hinweis	Industriewerkzeuge
Kapazität (kN)	100-250 kN
Serie	SCR
Weight	0.1 kg

DESCRIPTION

The set pairs a hydraulic cylinder rated at 101 kN with a 54 mm stroke and a cordless pump for a ready-to-use hydraulic solution.

BENEFITS

- Matched cylinder and pump combination, no need to source parts separately
- Versatile general-purpose cylinder for lifting, pushing and straightening
- Cordless battery operation for full mobility on the job site

TECHNICAL DATA

- Capacity: 101 kN
- Stroke: 54 mm
- Pump: cordless pump
- Voltage: 230 V
- Operating pressure: 700 bar
- Series: SCR
