

Pendant, for Pumps with VE32/VE33/VE43 Valve - Enerpac ZCP3

Item no. ENP-ZCP3

Manufacturer Enerpac

Pendant for Enerpac pumps with valve operation W and VE-series solenoid valves. Connects directly to the pump electric box.

TECHNICAL DATA

Country of Manufacture	United States
Hinweis	Industriewerkzeuge
Weight	0.1 kg

DESCRIPTION

The ZCP3 is a pendant for Enerpac pumps with valve operation index W (no valve, with electric box, without pendant). When a VE-series solenoid valve is used, it plugs into the electric box.

TECHNICAL DATA

- Type: pendant
- For: pumps with valve operation W and VE-series solenoid valves
- Connection: to the electric box
