

Oil Cooler PIK 350/1/30-10 medium pressure - KTR 283500113010

Item no. KTR-283500113010

Manufacturer KTR

Oil Cooler PIK 350/1/30-10 medium pressure. The KTR oil-air cooler cools hydraulic oil in the bypass and keeps oil temperature in range.

TECHNICAL DATA

Country of Manufacture **Germany**Series **Ölkühler**Weight **26.25 kg**Zolltarifnummer **84139100**

DESCRIPTION

The KTR oil-air cooler cools hydraulic oil in the bypass and keeps oil temperature in range. The oil flows through the aluminium cooling net and releases its heat to the air.

BENEFITS

- Keeps oil temperature in the optimum range
- Extends the service life of oil and seals
- Light, highly conductive aluminium cooling net

VERSION

Oil Cooler PIK 350/1/30-10 medium pressure.

APPLICATIONS

Cooling of hydraulic oil in power units, presses and drives.
