|------------------------|---------------------|
| Baureihe               | <b>Pumpenträger</b> |
| Country of Manufacture | <b>Germany</b>      |
| Weight                 | <b>0.46 kg</b>      |
| Zolltarifnummer        | <b>84139100</b>     |

### DESCRIPTION

The KTR pump carrier (bell housing) connects a hydraulic pump to the drive motor and keeps both in alignment. It absorbs the reaction torque and damps vibration.

### BENEFITS

- Accurate alignment of pump and motor
- Reduces structure-borne noise and running noise
- Standardised connection dimensions for common sizes

### VERSION

Pump Carrier PL 160/4/3.

### APPLICATIONS

Building hydraulic power units where a pump is flanged to a standard electric motor.
