

Pump Carrier PL 250/2/12 - KTR 102516021200

Item no. KTR-102516021200**Manufacturer KTR**

Pump Carrier PL 250/2/12. The KTR pump carrier (bell housing) connects a hydraulic pump to the drive motor and keeps both in alignment.

TECHNICAL DATA

Country of Manufacture **Germany**

Series **Pumpenträger**

Weight **1.2 kg**

Zolltarifnummer **84139100**

DESCRIPTION

The KTR pump carrier (bell housing) connects a hydraulic pump to the drive motor and keeps both in alignment. It absorbs the reaction torque and damps vibration.

BENEFITS

- Accurate alignment of pump and motor
- Reduces structure-borne noise and running noise
- Standardised connection dimensions for common sizes

VERSION

Pump Carrier PL 250/2/12.

APPLICATIONS

Building hydraulic power units where a pump is flanged to a standard electric motor.
