

Pump Carrier PL 660/4/4 - KTR 106616040400

Item no. KTR-106616040400

Manufacturer KTR

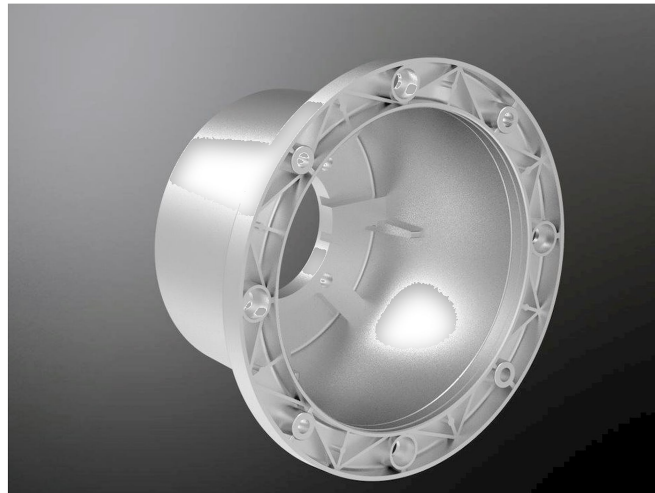

Pump Carrier PL 660/4/4. The KTR pump carrier (bell housing) connects a hydraulic pump to the drive motor and keeps both in alignment.

TECHNICAL DATA

Country of Manufacture **Germany**

Series **Pumpenträger**

Weight **23.951 kg**

Zolltarifnummer **84139100**

DESCRIPTION

The KTR pump carrier (bell housing) connects a hydraulic pump to the drive motor and keeps both in alignment. It absorbs the reaction torque and damps vibration.

BENEFITS

- Accurate alignment of pump and motor
- Reduces structure-borne noise and running noise
- Standardised connection dimensions for common sizes

VERSION

Pump Carrier PL 660/4/4.

APPLICATIONS

Building hydraulic power units where a pump is flanged to a standard electric motor.
