

Tankheizungen TEHM-500-40-06-1x230V - KTR 182055402000

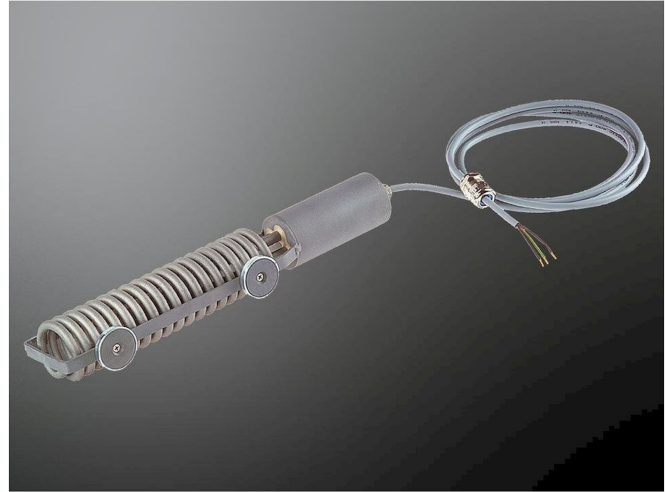

Item no. KTR-182055402000

Manufacturer KTR

Tankheizungen TEHM-500-40-06-1x230V. The KTR tank heater keeps the hydraulic oil at operating temperature in cold conditions and secures viscosity at cold start.

TECHNICAL DATA

Country of Manufacture	Germany
Series	Tankheizung
Weight	2 kg
Zolltarifnummer	84139100

DESCRIPTION

The KTR tank heater keeps the hydraulic oil at operating temperature in cold conditions and secures viscosity at cold start.

BENEFITS

- Secures oil viscosity at cold start
- Protects the power unit from cold-start wear

VERSION

Tankheizungen TEHM-500-40-06-1x230V.

APPLICATIONS

Pre-heating of hydraulic oil at low ambient temperatures.
