

Saugkorb Polyamide Endkappe 125 µm integriertem Bypassventil Thread: G1-1/2 BSP - Stauff 1910000691

Item no. STF-1910000691**Manufacturer Stauff**

Saugkorb Polyamide Endkappe 125 µm integriertem Bypassventil
Thread: G1-1/2 BSP. The STAUFF valve controls or shuts off the
flow in hydraulic lines.

TECHNICAL DATA

Country of Manufacture **Germany**

Material **Polyamide (PA)**

Weight **0.35 kg**

Zolltarifnummer **84212980**

DESCRIPTION

The STAUFF valve controls or shuts off the flow in hydraulic lines. It works leak-free and is designed for the high working pressures of hydraulic systems.

BENEFITS

- Leak-free function at high working pressure
- Rugged steel design for continuous operation

VERSION

Saugkorb Polyamide Endkappe 125 µm integriertem Bypassventil Thread: G1-1/2 BSP.

APPLICATIONS

Shutting off, holding back or controlling the flow in hydraulic systems.
