

Check Valve Size 28L only Ventilkörper Öffnungsdruck: 5 Bar Steel - Stauff 6010004367

Item no. STF-6010004367**Manufacturer Stauff**

Check Valve Size 28L only Ventilkörper Öffnungsdruck: 5 Bar Steel. The STAUFF valve controls or shuts off the flow in hydraulic lines.

TECHNICAL DATA

Country of Manufacture **Germany**

Material **Steel**

Weight **0.584 kg**

Zolltarifnummer **84813091**

DESCRIPTION

The STAUFF valve controls or shuts off the flow in hydraulic lines. It works leak-free and is designed for the high working pressures of hydraulic systems.

BENEFITS

- Leak-free function at high working pressure
- Rugged steel design for continuous operation

VERSION

Check Valve Size 28L only Ventilkörper Öffnungsdruck: 5 Bar Steel.

APPLICATIONS

Shutting off, holding back or controlling the flow in hydraulic systems.
