

Stainless Steel Pressure Gauge diameter 100 mm pressure range 0 to 700 bar scale bar - Stauff 1910000858

Item no. STF-1910000858

Manufacturer Stauff

Stainless Steel Pressure Gauge diameter 100 mm pressure range 0 to 700 bar scale bar. The STAUFF pressure gauge reliably indicates the working pressure in hydraulic and pneumatic systems.

TECHNICAL DATA

Country of Manufacture	Germany
Material	Stainless steel
Weight	0.868 kg
Zolltarifnummer	90262040

DESCRIPTION

The STAUFF pressure gauge reliably indicates the working pressure in hydraulic and pneumatic systems. The rugged case and damped movement provide a stable reading even under pressure surges.

BENEFITS

- Stable reading through a damped movement
- Rugged stainless steel case for harsh environments
- Pressure ranges and connections for standard hydraulic applications

VERSION

Stainless Steel Pressure Gauge diameter 100 mm pressure range 0 to 700 bar scale bar.

APPLICATIONS

Pressure indication and monitoring on hydraulic power units, test benches and systems.
